## WHIDDEN WINS FEATURE RACE-- ENFIELD IS BEST SPRINTER

Before the usual capacity crowd seen throughout the meeting on Saturday at Buena Vista a card of many features was run yesterday. With no big stake, the last half of the card, containing two handicaps and a purse, was a very high order.

The handicap at a mile and a quarter was won by Whidden, E. Moyn's black gelding, after moving up past the field in the back stretch, came home in a gallop. At the wire Roy Junior was fighting it out in a fruitless challenge four lengths back, while two very strong animals, Early Tide and Copper, were struggling for the third honor. It was only Early Tide's class that made him outpace Copper.

Early Tide was liked by many to win, but his race showed that a mile is as far as he wants to go, especially with some hard racing back of him. Roy Junior showed good speed, but with Whidden taking to the route with evident pleasure he could not hold the pace.

In the sixth race Enfield delighted a huge following by romping home, after picking up the contenders in the stretch. Enfield is now conceded to be the best six furlong horse at the track and a good sprinter for any track in the business. Spohn, W. T. Anderson's crack sprinter, outran the first three furlongs, came very fast along the rail to take the place from Fernando. The latter set a fast pace, but fell before Enfield and Spohn in the drive. Leonard, placed again with the sprinters after winning two stakes over a mile, could not get going in the shorter distance.

In the 2-year-old handicap at five furlongs, Doris, showing the famous speed of her dam, Doris, went right to the front and was handled from the crack. Jim Basey, and the fast coming Milt Jones. The time of 1:01 3-5 was very fine for the youngsters and Doris is now placed well up in the first row. Rounding the north turn Vesper on Jim Basey shut Milt Jones off and received a fine of \$25 from the judges, with the reminder that a failure to keep his mounts straight in the future will find him on the ground.

Two mile races opened the card. In the first Cheswilde ran into a quick lead and was never headed. Proteus closed stoutly for the place, while Dr. Myer made up a world of ground after getting away last, to land in the money, a very good animal.

The second race over the route brought out plenty of excitement as Fries was seen to be overhauling Wernmouth after the Anderson mare had been eight lengths in the lead. Fries pulled up even with the pacer and beat her home by a length while Emma G. held the field safe for the show.

Billy Myer was given a popular reception as he was ridden into the ring after winning the third race at six furlongs handily. Billy rounded the race makers, entering the stretch and opened up daylight at the wire, holding a good close by Snowball and Laurie set a hot pace, but could not hold out against her many challengers.

The winning of three favorites with the choices taking the other three races, made the day formal throughout. The delightful weather was all that was needed to make the patrons enjoy the day.

**EPHRAIM GETS DECISION.**  
Ephraim, July 9.—The season's first disappointment to local baseball fans came yesterday afternoon, when the game with Payson came to an end during the fourth inning because of an error in regard to baseball rules. At the end of the third inning the score was 4 to 4 in favor of Ephraim. The visitors then took exception to the decision of the umpire and refused to continue the game. After the stakeholders had consulted the year's rules they decided that the umpire's decision was well founded, and the victory was accorded to the local team.

## A Man Who Can Afford

To own an automobile can't afford to own one that will go into chronic disrepair in a few months, if he has any regard for the public estimate of his business ability.

The exercise of the same business judgment that leads to a profitable investment in stocks or bonds or real estate accounts for the tremendous demand the country over for the Locomobile.

This car runs smoothly, is absolutely safe and is so perfectly constructed of sound material that it costs the minimum for upkeep. It is known as "The Best Built Car in America."

## WILD RUMOR THAT JEFF WANTS RETURN MATCH IS NOISED ABOUT

New York, July 9.—That Jim Jeffries may ask for a return match with Jack Johnson is the statement contained in a Los Angeles dispatch received here today. The information, which is said to come from reliable sources, says that Jeffries is credited with declaring that he would insist on a return match with Johnson within six months following his return from his hunting trip in the mountains.

Jeffries, it is said, claims that if he can go into the ring in as good condition as he was a few days before the fight at Reno, he could defeat Johnson. Sam Berger, manager for Jeffries, will make a statement later.

**They Are Skeptical.**  
Los Angeles, Cal., July 9.—Sporting men are skeptical regarding the report that former champion James J. Jeffries might challenge Johnson for a return match. Since his return to Los Angeles, Jeffries has had little to say of his plans, except that he would retire to his alfalfa farm and shut himself in against the world for a time. He expressed the belief that with the nervous strain of the "battle of the century" eliminated, he would make a much better showing against the champion in a return match, and this probably gave rise to the report that he would seek such a match.

In reality, Jeffries has little intention of returning to the ring. Some of his friends, however, are already starting a clamor for another fight with Johnson, and Manager Berger is inclined today that he might have an important statement to make on the subject soon.

**Johnson Is Willing.**  
Chicago, July 9.—Jack Johnson, the pugilist, responded this afternoon to a report that his defeated rival was seeking a new bout. Johnson said: "I will give Jeffries another chance to win the championship if he wants it."

## CLARKE NOW SHOWS LEAD OVER LAWSON

Rocket Wins Two Title Races and Jumps Ahead—Walker Also Coming.

By winning two championship races last week Jackie Clarke now reposes at the head of the saucer track championship table, 13 points ahead of Lawson. From the way the Australian Rocket is riding these days the former champion has his work cut out to regain the lead.

With Major Taylor coming next month for a series of three match races, it is now practically assured that Jackie Clarke will have a hard time to defend the western claims against the eastern crack. At any event the match races between the colored star and Clarke and Lawson will be a dish hard to get around by the fans.

In the amateur ranks Diefenbacher still leads with Brodbeck and McNair holding second and third positions safe. There is plenty of new material coming light, however, and the amateur races are ridden with a spirit that makes them features of any card.

## TRAINER CALLED HOME

Swedes Are After Olympic Honors and Want Crack Coach Back.

New York, July 9.—Ernie Herberg will sail for Sweden on July 16 to train the Swedish athletes for the Olympic games, which are scheduled to be held in Stockholm in 1912. Herberg has signed a three-year contract with a representative of the Swedish government. He will take his wife and two children with him. Herberg is of Swedish extraction.

The Swedes are dead set on capturing the next Olympic championships. Noting the wonderful improvement Herberg made in Sweden, the Swedish government decided to take him to Sweden to train the Swedish athletes.

While Herberg now is known as a handler of professional athletes, he made a great reputation as a trainer of the track teams of the Irish-American, A. L. Thirteenth, Twenty-second and Twenty-third. Herberg built a champion track team almost out of nothing. At Columbia he was greatly handicapped by lack of money and other things. He was the trainer of several champion military athletic teams. Ljungstrom and Johnson will accompany Herberg to Sweden, but may return here in the fall.

**WASHINGTON NEGRO CLUBS WANT JOHNSON AS GUEST**  
Washington, July 9.—John Arthur Johnson, champion heavyweight pugilist, is scheduled to visit Washington the latter part of July and there is considerable excitement in colored fraternal circles here as to who is to entertain the champion.

Johnson is coming in, it is stated, as a delegate to the "Improved" Elks' lodge convention and several organizations of his compatriots want the honor of entertaining him. Crispin, Johnson was expected to spend four days here, but owing to his engagements it is probable that he will be in the city but one day. This situation has caused trouble among several lodges.

**DOYLE BROTHERS WIN.**  
Atlanta, Ga., July 9.—The Doyle brothers of Washington, D. C., won the southern doubles tennis championship by beating Grant and Thornton of this city in the tournament finals here today, 6-4, 3-6, 9-7, 6-1.

**Old Friends of Johnson Who Befriended Him Not Forgotten**

Galveston, Texas, July 9.—Eight men here were made happy by Jack Johnson's winning the championship, without having to wager any money on the fight. They are former associates of the Galveston negro, who at different times in his career in this, his native city, befriended him.

The remembrances from the champion were in the form of remittances he sent after the fight was a contest remittance was for \$750 to Ed Harrison, an old-timer here, who taught Johnson how to fight when a young boy, and gave him his first lessons in the ring along the docks.

Jack appeared anxious to become a fighter and years ago promised his volunteer instructor that when he got to be champion and wealthy, he would fit him out in fancy clothes and a red

necktie. Sure enough he kept his promise, and one of the first messages he sent after the fight was to Harrison, telling him to order two suits of clothes and not to be stingy on the price.

While swimming in the bay from the docks years ago when Johnson was a small boy he was sucked under a vessel and would have drowned had it not been for Cafferty Williams, an associate, who saved him. Williams is remembered for \$500.
